GANESH PALLI

Vadodara, Gujarat • 9494548054 • ganeshpalli779@gmail.com

SUMMARY

I am a student with expertise in machine learning and large language models (LLMs), specializing in deploying models in production environments. I have experience in designing, training, fine-tuning, and optimizing models for real-world applications, building efficient pipelines that integrate into business workflows.

WORK EXPERIENCE

IIT Dhanbad ML Hackathon

- Achievement: Won 3rd place in the ML Hackathon.
- Details: Applied machine learning techniques to solve complex problems, demonstrating strong problem-solving skills and creativity in ML applications.

OM International Consultancy

- Role: Machine Learning Engineer
- Project: Deployed a customer support chatbot.
- Details: Worked on developing and deploying an AI-driven chatbot to enhance customer service and streamline client interactions.

US Client – Workflow Automation Project

- Role: AI Specialist
- Project: Developed a workflow automation solution for a US-based client.
- Details: Worked on automating business processes to improve efficiency and productivity, using machine learning and AI techniques to streamline workflows.

Personal Project on Marico Industries

- Project Focus: Analyzed Marico Industries' strategy for entering the US and UAE markets.
- Details: Conducted market research and strategic analysis, providing insights into expansion opportunities for Marico in these regions.

EDUCATION

Bachelors of Science in Machine Learning and Artificial Intelligence

Parul University Of Engineering And Technology   **MAY 2022 - Oct 2025**

SKILLS

- Python
- SQL
- Pandas
- Numpy
- Sikit Learn
- LLM'S
- Linear Regression
- Neural Networks
- OpenCV
- Communication Skills
